# Your Pawfect Wedding

Our pets are undoubtedly part of the family and therefore on the biggest day of your life, why wouldn't you want your doggy to be there? Dogs love us unconditionally and without question, therefore having them with us as we walk down the aisle carries truly special significance.

But how can you co-ordinate everything by yourself?

The concept of having your best pet-pal at your wedding is a wonderful idea, with an increasing number of venues now welcoming dogs to be part of wedding occasions. However, to make all of this possible practically, a dog chaperone service is paramount to ensure that your pet has everything they need so that your big day can proceed without a hitch!

At Tails & Trails, I believe that your furry best friend should be a part of the most important day of your life!

## What does a dog Wedding Chaperone do?

My professional wedding dog chaperone services ensure that your dog gets the VIP treatment they deserve while you focus on celebrating with your family and friends. This includes taking them to your ceremony venue, toilet breaks and making sure they are calm, happy and fulfilled throughout the course of your day. It also includes helping them to fulfil their wedding role (for example, posing for photos and walking them down the aisle etc.). Once all of the official duties have been completed, I will provide company, care and love into the evening until as late as required.

All of my wedding packages are completely fluid and can be adapted to suit your individual requirements and where your needs cannot be met with one of my existing packages, I can put together a bespoke option just for you. Your dog can be involved in as much or as little of your special day as you like. It is important to me that I meet your needs but that we also work together to meet the personality and requirements of your fur baby too. I recognise that a wedding venue is an unfamiliar environment for your furry friend and I therefore want to be there to support them every step of the way.

I offer a highly personalised and bespoke service and I am proud to have won Wedding Dog Chaperone of the Year in the 2024 & 2025 Professional Dog Businesses UK Awards and to have been nominated for a County Brides Award 2026.

## Mr & Mrs Lord

*"Emily is an absolute star. She looked after our Bertie on both dog walks and at our wedding and we couldn't recommend her enough! Bertie is slightly nervous and she put him at ease straight away and you can just tell how amazing she is with all dogs.*

*Our wedding was made perfect by Emily organising Bertie's day and being on hand for photos, taking him for walks and time away from all the action and giving him the 5\* treatment. She took photos and videos throughout the day of him living his best life which are the best memories for us all. Thanks again Emily! Bertie will definitely be back for a walk with you soon"*

## Mr & Mrs Marshall

*"Emily was recommended to us by our wedding venue and flipping heck... she was just fantastic. Our doggy has allergies, anxiety, weak back legs and a sensitive tummy. But to us - he is perfect and we wanted him to be at our wedding for as much of it as he wanted to be. Emily was incredible at facilitating all of this. We had a zoom to talk Emily through Rufus's needs and our plans for the wedding day. Then Emily came to meet Rufus once we arrived in Cumbria.*

*The next time I saw Rufus and Emily together they were best friends walking down the aisle. He loved her. It relaxed my husband and I so much knowing he was happy and well cared for. If I could relive the day Emily would be part of it again. I highly recommend her"*

# Testimonials

## Mr & Mrs Book

*"Emily was so brilliant with our dog, Olive, over our entire wedding weekend. She was really flexible to find a package that worked for us, met us ahead of time to meet Olive, and then sent us so many photos of their adventures. We weren't worried about Olive at all as she was so happy every time she saw Emily, and completely knackered afterwards! Thank you so much for treating our pup with so much love and care, I wish we lived closer so we could book you as our regular dog sitter."*

## Mr & Mrs Gardiner- Cawkwell

*"I don't know how to begin to say thank you to Emily. She made our wedding day so much more special as the chaperone to our Pup. We went for the Pawfect Day package with an additional hour each side to work our timings out for the big day.*

*Prior to the wedding Emily came to our house to get a better idea of Casper and how the day would unfold. This also helped as it meant Casper recognised Emily on the day and there was no complications. We have a very energetic little boy and normally a solid unstoppable hurricane would deter most people, not Emily she was very calm and so lovely with him. She took such amazing care of him. We got regular pup updates with photos and videos which, on the morning of your wedding when nerves are kicking in it made it just so much more special.*

*Emily got him all ready for his ring bearing duties and even walked him down the aisle to us. She did a fantastic job letting him mingle with our guests which was something my now husband was worried with but Emily kept him safe and in control the whole time we couldn't praise her enough for it. She helped him with photos of small and big family photos by entertaining him with plenty of treats. We can not thank Emily enough for the most amazing work she did on the wedding day, keeping our little boy happy and safe throughout.*

*She clearly had a good impact on Casper as the morning after all he wanted to do was go and find Emily in the room they had. I will recommend Emily to everyone and if having your dogs at your wedding is something you're thinking about go with Emily. You will not be disappointed one bit."*

## Mr & Mrs Surtees

*"We recently had the pleasure of Emily chaperoning our dog Ralph to our wedding on Friday 23rd August. From the moment Emily met Ralph on the morning she was amazing with him, took him for a walk beforehand then had him at the venue to greet our guests and be a part of our ceremony. Emily was quick to get Ralph's attention when needed and was committed to him the whole time! We felt so relaxed knowing he was in safe hands & we are just so happy he could be there for our special day and be there for photographs. Emily is amazing with dogs and was definitely made for her job, Ralph loved her! If you are considering having your dog at your wedding, we would 100% recommend Emily's service, you won't regret it!! Thank you so much again"*
